

GET-TOGETHER OF 2004 BATCH

Here at Bishop's, at least two alumni events are organised annually. One for an older batch (Golden Jubilarians) while the other for a relatively newer batch (Silver Jubilarians). However, this year, our school had the pleasure of hosting the class of 2004 on Saturday, 18th June 2022, who had originally planned a reunion outside the Campus.

The event thus began with the alumni trooping into the Harding hall enthusiastically.

Our principal, Mr Edwin, welcomed the alumni and guided them through the day's proceedings. This was planned as well as introduced the team of the Junior College students that would be escorting them throughout their visit.

After a quick break for tea, students escorted the group for a tour of the school 'down the memory lane' beginning with the St. Margaret's ground as well as the Lorna Roberts' Hall. A wave of nostalgia wafted through the air as old classmates bonded and reminisced about the good old days of yore.

The jolly young men then returned to the main campus where they interacted with Ms M. Hora, our Dean, who had taught some of them back in the day.

The alumni then interacted with the junior college students, revisiting their own old classes in the process. This was done in smaller groups to ensure that everyone got a good view of the classroom and so on. This was a rich and fruitful experience for all present there.

Next they headed towards the Junior School where some of them sat on the benches in their old classrooms. It truly felt like homecoming to them as they walked through the same halls eighteen years later and laughed about their days at Bishop's. After they made their way to the Jeejeebhoy ground, they posed for a group picture and remembered their athletic days.

As a conclusion to their tour of the school, a lunch at 1.00 pm in the boarders dining room along with the Principal, Headmaster, Dean of the Junior College and other Heads and Staff as well as the boarders and the matrons brought back memories of their school days.

They then gathered to bid their final goodbyes as they received a hamper containing the School History Book, Tie, Cap and a set of lapel pins and cufflinks, followed by a group photograph.
