A BRIEF REPORT

The children of today are the citizens of tomorrow. Hence, all round development of children is very important to make them aware of the world around. Drawing and painting help children to improve their observation, imagination, memory, concentration and motor skills. So we at The Bishop's, encourage our students to exhibit their skills in art work too. It gives them an opportunity to express themselves. As a part of the inter-school competitive contests, 1411 and 797 students from LKG to Class 10 participated in The All India Drawing and Handwriting competitions respectively and proved their talent. The entries have been sent to the organizers and the results will be declared on the 30th of September, 2011.
