A BRIEF REPORT

The play "Hans Christian Andersen" presented by the students of our school is the adaptation of his beloved tales, where the towns children gather round a travelling story teller. As the stories are narrated the wonderful tales of "Hans Christian Andersen" are played across the stage. Some of the stories enacted in the play were – "The Emperor's new clothes", "Thumbelina", "The Ugly Duckling" and "The Little Mermaid", which have enthralled the imaginations of little children for over centuries.
