CLASS/CLASSES INVOLVED	:	CLASSES 8 AND 9
NAMES OF PARTICIPANTS	:	Rounak Jha, Nikhil John, Amol Dalal and Vedant C.

A BRIEF REPORT.

The Kirloskar Vasundhara International Film Festival and Eco-Fest, organized by *Pugmarks and Go Wild* in association with the Maharashtra Forest Dept. and *Sanctuary Asia* was held in Pune from the 25th of January to the 2nd of February at different venues in the hub of the city. The slogan for this year's edition was 'Conserve Water, Safeguard Future.'

A group of twenty-one students from our school attended the festival at the Ghole Road Art Gallery on the 29th of January to participate in the inter-school quiz and group activity. The four students representing the school in the quiz were Rounak Jha, Nikhil John, Amol Dalal and Vedant C. We were informed that the group activity would be something that the seventeen of us would be told of on the spot, making the prospect more exciting.

There were eleven schools taking part in the preliminary round of the quiz, from which six would qualify. Unfortunately, our school missed out on making it to the finals by a narrow margin. We were also informed that the group activity had been cancelled due to unavailability of time slots. Nevertheless, we stayed back and watched the quiz. The quizmaster, an eminent photographer, enlightened us about the present environmental conditions and diverse wildlife in India that we were unaware of, hence making it an experience that was worthwhile.

I also sincerely thank the CEO and Hon. Secretary Mr. F. Freese for giving us this opportunity.
