

THE BISHOP'S SCHOOL – CAMP – PUNE
ITINERARY FOR THE KOREAN STUDENT

EXCHANGE PROGRAMME - 2012

INDO—KOREAN **STUDENT EXCHANGE PROGRAM**

The Indo-Korean Student Exchange Program was initiated in the year 2012, by Mr Freese Principal, CEO and Honorary Secretary of the Bishop's Education Society. Mr. Freese visited the city of Daegu, South Korea, in October 2011 to assess the probability of the Bishop's Education Society entering into sisterhood relations with the Neungin Middle School, Daegu.

Keeping in mind the fact that Educational Globalization dawns on the world, this was a very inspiring initiative, taken by Mr. Freese—a visionary leader and an educationist with remarkable foresight.

In May 2012, eighteen students, accompanied by two staff members set off on the first leg of the Student Exchange Program. Scheduled to spend ten days in South Korea, the children made the most of their visit, settling in with the home stay families and making the most of everything they experienced there. The exchange program enlightened us on the close cultures and the historical ties that are shared between the two countries.

In October 2012, the second leg of the exchange program was completed, when the South Korean students from Neungin Middle School travel across the globe to spend time with their Indian counterparts from the Bishop's School, Pune. With visits to the Ajanta and Ellora caves and other places of interest in and around Pune, we are sure that there will be much to learn of the rich heritage and culture that we so proudly possess.

The Bishop's School, Pune and the Neungin Middle School aim at making this exchange Program an annual feature, and look ahead to many glorious years of cultural exchange and mutual benefit, not only for the schools, but also for these two great nations.
