A BRIEF REPORT

As part of the student exchange programme students of Neungin Middle School, Daegu, South Korea, visited our esteemed school. They were accompanied by the former Principal, Mr. Kim and Mr. Lee, who is the faculty for English.

A special assembly was conducted on this day by our Headmaster, Mr.H.Soggee. The Winning house of our inter-house singing competition i.e. Wintle House sang the Test piece. This was followed by another song sung by the winning team i.e. Young House.

The Korean students were enthralled by both the performances. Later they interacted with some of our students and visited some of the classes.

They left the school campus with a good impression and fond memories. We look forward to such memorable experiences in the near future.
