CLASS/CLASSES INVOLVED	:	Classes 3 to 10.
NAMES OF PARTICIPANTS		

A BRIEF REPORT.

A lot of learning that happens turns out to be rote memorization with the lack of understanding of the concepts. To contribute meaningfully in tomorrow's world, students need to shift from facts to skills. We at the Bishop's school give our students many opportunities that help them to measure accurately learning, and to enhance their understanding and writing skills. Competitive tests are conducted to help pinpoint the student's strengths and weaknesses and also provide a benchmark with their peers.

Two hundred and seventy two students of our school from class three to ten appeared for the **National Science Talent Search Examination**—2012 conducted by the Unified Council and enjoyed answering the questions which made them think, analyze and apply. They felt the questions were very challenging and provocative. It was indeed a warm up session for the students on the eve of their second terminal. The answer sheets were sent to the **UNIFIED COUNCIL**, Hyderabad and the results are awaited.

Report filed By: Mrs.J.Venkateshwaran.

TEACHER(S) INCHARGE: Mrs J. Venkateshwaran.
