**A BRIEF REPORT.**

**The Unified Council** organised the **National level Science Talent search Examination (NSTSE)** On Sunday,27<sup>th</sup> January,2013.The number of students who registered were three hundred and sixty five.

The examination began with enthusiasm and excitement. The questions were challenging and encouraged us to think out of the box. Certain questions were thought provoking and application oriented.

The question set had **five categories**- Maths, Physics, Chemistry, Biology and General Knowledge,- each one ready to pick our brains. The General Knowledge section made us realize that we need to extend and update our knowledge. We learnt that to be educated we had to be aware.

The competition was smoothly conducted due to the support and encouragement of our CEO and hon. Secretary, Mr Frank Freese.

All in all,it was an enriching experience.
