6	ORGANISED BY	:	ENVIRONMENTAL CLUB
7	CLASS / CLASSES INVOLVED	:	SENIOR SCHOOL BOYS
8	REPORT FILED BY	:	MISS. M. BARSAY MRS. D. YOUNG

## A BRIEF REPORT

Cheap disposable plastic bags are very common in the retail trade as a convenience for shoppers, and are often supplied by the shop for free or for a small fee. There are environmental concerns regarding use and disposal of plastic bags. Efforts are being made to control and reduce their use.

Keeping the above in mind, a totally different type of competition was organized by the "Environment Club" after the plantation projects, in which 12 students took part.

The participants were given a weeks time to make paper bags and the boys put in an absolutely commendable effort and made a total of 4667 paper bags.

The winner of the competition was Shubham Walke who made a total of 1427 paper bags. He was awarded a medal, a certificate and an 'EcoFriends' Badge during the morning assembly.

Om Pokale(959), Ishan Gandhi(753), Vishwajeet Pawan(738) Henry Samuel(215) were others who put in a stupendous effort too.

Some of these paper bags were donated to NGO's while others were given to our school canteen, and are even used today.

I would like to thank Mr. Freese for his constant encouragement, Mr. Bendre for providing the winner a medal and Mr. Edwin for his endless support.

Akash Bhalerao.
