## OSCAR AT THE GRAMMYS

Who doesn't love a happy ending? We all do, and that's exactly what the parents and teachers of The Bishop's School, Camp witnessed on the 25<sup>th</sup> of October 2013.

It was hard to believe that children from the age of four to seven could perform with such confidence and poise, that it left many amazed.

The play centred around an orphan named Oscar who goes through the 'highs' and 'lows' of life and always emerged a winner; due to his conviction, positivity and fortitude.

Oscar won a trip to the Grammy Awards in Los Angeles, a 'once in a lifetime' opportunity to rub shoulders with the stars of Hollywood.

The children put up brilliantly choreographed dances and performed like thorough professionals.

Justifying their School Motto, the children were 'thorough' in work and 'play', and we pray that this generation of bright talented children 'never let their colours fall!'
