A BRIEF REPORT

We sent 5 teams comprising 2 members each. The students were from classes 7 & 8. There were participants from 20 different schools. There was a written preliminary round comprising of 25 questions, following which the top six schools competed for the city final on the stage. The team comprising Alfiya Sheikh and Hrishikesh Rajashekarbabu qualified for the city final on the

stage. Besides the general knowledge questions, the teams were quizzed on their logical and analytical skills as well. After a nail biting finish our school team were the runners-up. The entire quiz programme was very interesting and informative. The spectators were also asked many questions and the organizers kept them involved throughout the programme.
