A BRIEF REPORT

Debating is about thinking on your feet as well as preparation. Always be ready for the unexpected!

Thus, being prepared for the unexpected our school debate team participated for the first time in the debate organized by the Symbiosis Secondary School.

The topic given “TECHNOLOGY GUARANTEES SECURITY”.

A team, of two students, was sent for the debate. They were accompanied by Mrs. S. Sachdev. Out of the two participating members one was supposed to speak for the motion while the other was to speak against it.

12 schools participated in the debate.

After 6 schools had spoken, a five minute break was given. After the remaining participants had expressed their views, the results were tabulated according to which, our school stood second and St. Mary's Girls School stood first.

At the end of the debate all the participants were offered refreshments. It was a memorable experience for all those who were present.
