

THE JOY OF GIVING WEEK.

The internationally acclaimed, JOY OF GIVING WEEK, was celebrated in and by our school, in a unique manner. The entire congregation of Bishopites geared up in order to assist in rehabilitating, THR DR. GRAHAM'S HOMES, which had suffered heavy damages in the recent earthquake that hit the region of Sikkim and Darjeeling. The dynamic students of class 10, worked as a driving force to initiate and develop, the DONATE A BRICK PROGRAMME, motivating all classes from 2 to 10, to donate generously. They also presented an informative power point presentation to convincingly put across their message. The drive concluded on the 19th of this month.
