**The students took a pledge to clean up the surrounding areas.The cool morning saw the students excited to set out on the roads and set an example about hygiene,sanitation and cleanliness to others.**

**With the handy tips,sterilegloves,and other necessities the students were divided into their patrols and headed out to different areas in undri to clean up the vicinity.Students cheerfully picked up plastic and other dry waste without complaining and headed back to school with bags filled with garbage.**

**It was a great learning experience for all the students not only did they learn the importance of cleanlinessbut also learnt to respect the people who picked up the waste for us.**
