NAMES OF PARTICIPANTS	:	

A BRIEF REPORT.

The Trinity examination (GESE) was held on the 17th, 18th and 21st February 2012. The sessions conducted in our school have always been full of fun, enthusiasm and interactive activities. We had an overwhelming response of 100 candidates from our school who appeared for the examination. Candidates from Grade III to Grade X were trained and guided by Mrs. M.Malhotra , Mrs. F.Judson, Ms.A.Khan and Miss F.Healy. Classes were conducted on a regular basis according to the time-table. Candidates of Grade III were trained in various subject areas and conversation phase. Grade IV to Grade X consisted a large number of candidates and they covered the topic phase. With the guidance of the trainers, interesting topics such as **My parents, My best friend, My computer, Goa, The Ganpati Festival.** were selected which helped the candidates develop their language skills. Children thoroughly enjoyed the informative sessions and actively participated in different interactive sessions/activities. The Trinity GESE provides a wonderful opportunity to enhance the communicative skills. Children were motivated to begin their topics for various discussions. The examiner **Mr.Gary Cousins** was impressed with the performance of candidates, vocabulary, fluency, well researched topics and the active participation of the candidates.

The different phases from the initial to advanced stage helped the candidates to develop conversational skills. It provided immense knowledge about topic discussion, presentation of topic and interactive tasks. It helped them to replicate real life exchanges in which the candidate and examiner passed on information, shared ideas and opinions and debated on topical issues. It also enhanced their listening and speaking skills. We look forward for an increasing participation and excitement from students. We are grateful to our CEO and Honorary Secretary

Mr F.Freese for organizing such wonderful, interactive and professional training sessions and also for providing such a unique opportunity to showcase their talents. We look forward for a promising year ahead.
