### A BRIEF REPORT

On 19<sup>th</sup> July 2014, the students of class IX visited the Hadapsar ground for a 'Tree Plantation' project which was a part of the 'Sesquicentennial Drive'. The theme was 'GO GREEN'. The head of the 'Eco-Friends Club', Akash Bhalerao gave the introductory speech and demonstrated how to plant a sapling. Our students planted 150 saplings (banyan). The speaker for the day was Mrs. Shobhana Swaminathan, member of the Wanowarie Cleanliness Forum. She introduced the concept of 'Vermi – Composting' to the students, a process by which the plants nurture naturally and do not require pesticides and insecticides for the best quality ripened fruits and vegetables. Students were also informed about 'segregating waste'.

**"Be a gentle friend to trees and they will give you back beauty, cool and fragrant shade, and many birds, singing."**
