### *A BRIEF REPORT*

*"Nothing great was ever achieved without enthusiasm" - Ralph Waldo Emerson.*

*This quote is so apt when we talk about children full of enthusiasm and vigour. 68 students from various classes along with 5 staff members went for an adventure trip to Lavasa, which was organized by X-thrill Team headed by Col. Nikam, the General Manager of X-Thrill.*

*We left the school campus on 4<sup>th</sup> of January 2012 around 07:45 am and reached Lavasa at 11:30 am. After resting in the afternoon the children were taken for an activity named X-Prahar where various games were played under the guidance of the instructors of X-thrill team. Children enjoyed the games and later shared their opinion as to how to work in co-ordination. The following day, 5<sup>th</sup> morning, we started with warming up exercises and then*

went for trekking. During the day children had various other activities like Rappelling, Zip line, shooting, where each and every child participated with enthusiasm. In the evening again the children were taken for X-Prahar where some new games were organized - Acid Lake, passing the glass, magic mat, ball balancing etc., wherein children had to collect maximum points to be the winner. Late in the evening a camp fire was organized. The children were divided into groups and were given a prop. to use for "Mad Ads". Creative as they are, each group came up with excellent ideas and showcased their dramatic skills. The group with the theme "Magic Spanner" bagged the 1st place. On the 6<sup>th</sup>, the children were taken for rafting with the life-jackets on; they enjoyed the raft-ride.

The entire trip was well organized with the activities to map one's behaviour which is essential to know one's strengths and weakness. The food served was hygienic and healthy which the children relished.

Finally, Vasudha, gave a vote of thanks to Col.Nikam and his team who were indeed energetic and enthusiastic throughout the activities.
