A BRIEF REPORT:

Connecting is an N.G.O. that is wholly committed to the cause of suicide prevention especially among the youth and also provides a support system to those who have lost a near and dear one due to suicide. This N.G.O. was formed in July 2005 and since then it is engaged in several powerful initiatives all through Pune. In the month of September, the **CONNECTING N.G.O.** got actively involved with our school, through the 'Peer-Educator Program'. The volunteers would be guided and trained on a weekly basis, to become peer educators. Our major objective would be to give time, conduct counseling sessions and provide emotional and social support to those suffering from mental stress and trauma. The sessions are conducted by our guides Mr. Bobby Zachariah, Ms Aditi , Mr. Anil Dagia and Jeevan Osho. Any of our colleagues in school can approach a 'Connecting' member and we will do our best to relieve the stress they face. This N.G.O has a helpline number **9922001122** which is active form 2p.m. to 8 p.m.and their email id is connectingngo@gmail.com.

We welcome our colleagues to be a part of this valuable experience.
