CLASS/CLASSES INVOLVED	: Classes 3 to 10.
NAMES OF PARTICIPANTS	

A BRIEF REPORT.

The use of English has become important in our day-to-day life and therefore a strong grasp of the language has become vital for our success. Apart from the textual knowledge, we at the Bishop's school believe in encouraging our students to develop their skill in the written and the spoken English through various competitions and workshops. One of them is the International English Olympiad organized by the science Olympiad foundation. Four hundred and eighty seven students from classes 3 to 10 appeared for this Olympiad and benefitted from it.

The questions tested their language, reading and understanding skills.
The answer scripts have been sent to the organizers for evaluation.

Report filed By: Mrs J. Venkateshwaran.
