<b>CLASS/CLASSES INVOLVED NAMES OF PARTICIPANTS</b>	<b>: Classes 6 to 10.</b>

**A BRIEF REPORT.**

**2 December 2011**

Around 15% of the world's population, or one billion people, live with disabilities. People are often unaware of the great number of persons living with disabilities around the world and the challenges they face.

**The International Day of Persons with Disabilities** aims to promote an understanding of disability issues and mobilize support for the dignity, rights and well-being of persons with disabilities. It also seeks to increase awareness of gains to be derived from the inclusion of persons with disabilities in every aspect of life.

The theme for the International Day of Person's With Disability, 2011, is **'Together for a better world for all.'** In order to commemorate this day, our Speakers Corner, was dedicated for two days towards developing awareness, sensitivity and a desire to change our attitudes towards differently -abled people. Students from classes 6 to 10 expressed their views on the same. The school had invited the **N.G.O –EKansh.** Their volunteers educated our students in the usage of sign language to communicate

with those challenged in the understanding of the spoken language. It was indeed a unique and enlightening experience for all of us who tend to take our normal functioning so much for granted.
